Subject: Appreciation Letter

Dear Rajesh Upadhyay,

Our businesses in India have changed for much better after the appointment of KDH as our sole & Exclusive distribution in India. You are a very competent contact person for us and the customers.

Your excellent contacts at premium Reference Labs and hospitals are worth an appreciation.

We are extremely happy with your efforts in improving our sales performance and payments situation compared to our previous direct distribution in India.

We are looking forward to continue our fruitful relationship and wish you all the best.

Thanking You, Rajesh
